TTPU hosted a “Rector’s Hour” for pupils of the Academic Lyceum under it.

In the meeting there were present about 250 pupils of graduate classes. During the conversation, M. Z. Turgunov, associate professor of Turin Polytechnic University in Tashkent, presented a master class on materials science. Then, the Rector of the University Inoyatkhodjaev J. Sh., the 1st Vice-rector for financial and economic affairs and innovations Karimov A. A. and the Head of the Marketing Department of the University Djuraev O. M. made a speach on the university activities and existing faculties, provided all the information about the admission procedure and created opportunities, the achievements of the university and students and answered all the pupils’ questions of interest.

We think that this meeting was a great opportunity for pupils to get acquainted with the activities of the university and to discuss issues of further improvement of the work of the lyceum.
