

Staff training at the University of Granada.

Representatives of Turin Polytechnic University in Tashkent took part in Staff Training week: “Internationalization Advanced Level” organized by the University of Granada (Spain).

During the training, each participant made a presentation about their home university, were discussed issues of admission procedures, internationalization of higher education

through academic cooperation projects, development of promotion and social networks, Erasmus+ projects for improvement of international mobility quality and many more.

As a result of negotiations, was agreed to sign Memorandum of understanding (MOI) for development of students exchange program.
