

International Scientific and Technical Conference

“International Conference on Electrical Facilities and information technologies 2022” was held at Turin Polytechnic University in Tashkent

During the visit of the President of the Republic of Uzbekistan Shavkat Mirziyoyev to the Republic of Korea in December 2021, he stressed the importance of developing innovative cooperation between universities and the need to create a permanent space for their regular communication.

In this regard, in cooperation with the Turin Polytechnic University, the Korean National Transportation University and the Korean Institute of Electrical Engineers signed an agreement between the two countries to further develop the system of training highly qualified engineers based on international best practices in energy and ICT, as well as to expand international scientific cooperation in higher education.

In order to initiate cooperation, Turin Polytechnic University in Tashkent with the involvement of about 100 Korean scientists from various fields jointly organized the international scientific and technical conference “International Conference on Electrical Engineering and Information Technology 2022” (<https://icf2022.org/>) dated on August 10-13, 2022.

The conference is being held in a hybrid (offline and online) form, and participants from countries such as Korea, Italy, Turkey, India, and Pakistan are attending.

Organizers of the international conference:

- Korea National Transport University
- Turin Polytechnic University in Tashkent,
- Korean Institute of Electrical Engineers
- Tashkent University of Information Technologies
- Tashkent State Transport University
