

# A student dormitory has been opened at Turin Polytechnic University in Tashkent

Today, a dormitory with 160 beds and with all necessary conditions was opened at Turin Polytechnic University in Tashkent!

The dormitory has kitchens (refrigerator, microwave oven, stove), canteen, bathroom and toilet (washing machine, dryer, ironing board). There is also a library and Wi-Fi points for students to use their free time.

In order to ensure the safety of students, the dormitory is equipped with a security system.

The fact that the dormitory is located next to the university building creates another convenience for students.
