

The first online meeting of the students who are involving in Erasmus + MUSAE project.

On January 14, 2023, the first online meeting of the content team with all the students of Partner Universities was held on under the Erasmus+ Capacity Building of Higher Education (CBHE) “Multidisciplinary Skills for Artists’ Entrepreneurship (MUSAE) project”. In the first part of the meeting, Jeroen Malaise coordinator of the content team briefly introduced the project description and aim to all students who are participating in the different Entrepreneurship modules that are developed under the MUSAE project.

In addition, Mr. Malaise presented a detailed plan for the students and content team workshop which will be held on in February 13-25, 2023, in Belgium. In the second part of the online meetings, students were joined to the predefined break-out rooms where they met with other students from the different Partner Universities including local universities such as Turin Polytechnic University in Tashkent, State Conservatory of Uzbekistan and the National Institute of Fine Arts and Design named after Kamoliddin Behzod and also foreign universities like Birzeit University, Dar al-Kalima University, Institut Supérieur des Arts et Métiers de Sfax, Palestine Polytechnic University as well. The aim of these group meetings is to introduce the students to each other and to be familiar with them before the workshops to establish communication with each other. During the meetings, students present themselves to Partner Universities’ students and also share their idea as well.
