

The delegation of South Korean universities visited Turin Polytechnic University in Tashkent

On May 17, on the initiative of the company “UAIDE”, a delegation of South Korean universities visited Turin Polytechnic University in Tashkent. During the visit, the delegation members got acquainted with the university's technology park, mechatronics centers and startup projects.

Sides discussed the possibility of further cooperation. In particular, as follows: academic collaboration, students, faculty members exchange, development of joint research projects and others.

At the end of the meeting, a memorandums of understanding were signed with Changwon National University and National Korea Maritime & Ocean University TMC.

Other universities also expressed great interest in signing a memorandum of cooperation in the future.
