

# Conditions created in the dormitory for the students

In order to create all the conditions for comfortable living of the students studying at Turin Polytechnic University in Tashkent from distant regions of our Republic and foreign countries and to ensure their safety, the four-floor, fully equipped student dormitory for 160 places has been prepared for the next academic year 2023-2024.

The rooms in the dormitory are equipped with all the necessary equipment: washing machines, a stove for cooking, a microwave oven, and a dining room. There is also a library and Wi-Fi points in the dormitory for students to spend their free time usefully.
