

# Conditions created for students living in rented apartments and with close relatives

In order to place students in rented apartments, in cooperation with academic group tutors, parents, prevention inspectors working in our university and neighborhood officials, apartments for rent near Turin Polytechnic University in Tashkent and in the districts of Tashkent region were identified and their conditions were studied.

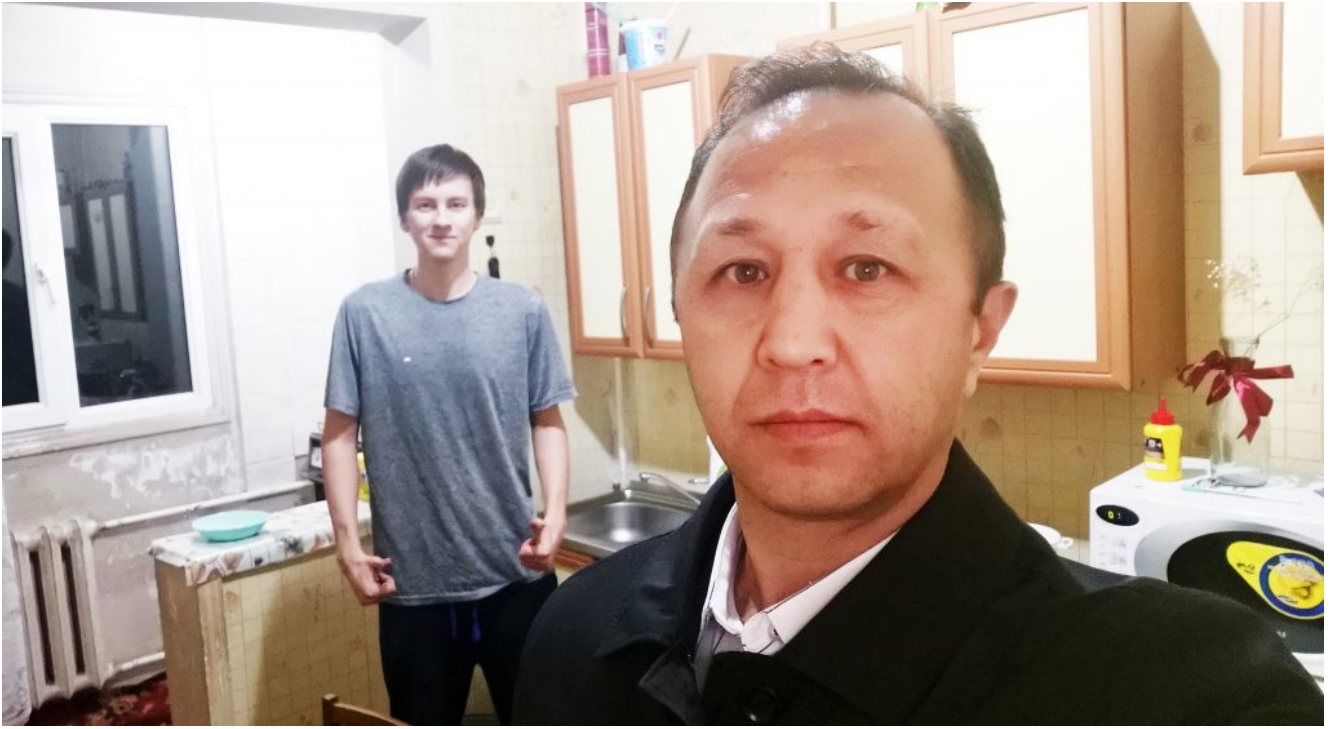

Currently, in the new 2023-2024 academic year, 204 students have expressed their intention to stay in these apartments.

At the same time, 110 students who came to study at the university from different regions were settled in the apartments of their close relatives in Tashkent.
