

# **A roundtable discussion was held at TTPU on the occasion of October 11 International Girl's Day**

On October 11, 2023, an interactive roundtable discussion entitled "My mother-in-law is also my mother" was held at the university in occasion of the October 11 International Girl's Day. At this event, in order to strengthen families, prevent conflicts, and help married girls find solutions to the problems they face in education, a roundtable discussion was held between exemplary families in the neighborhoods, i.e., mothers-in-law and married girls at the university.

In addition, a quiz was held between the audience and the participants asking questions that occur in everyday life. Prizes were gifted to the winners.

In addition, on the occasion of October 11 international girls' day, a photo exhibition was organized among female students called "Beautiful autumn in Turin and me".

All students who participated in the exhibition were presented with tickets for a one-day trip to the historical and always popular city of Samarkand on the "Afrosiyob" train.
