

Guest lecture with Bo Inge Andersson was held for students at TTPU

Today, guest lecture with the General Director of UzAuto Motors and UzAuto Motors Powertrain **Bo Inge Andersson** was held at Turin Polytechnic university in Tashkent.

During the meeting, students had a great opportunity to get acquainted with the career path of a true professional with more than 30-years of experience in automotive industry. Also interesting talk was about dynamics of automobile industry, UzAuto Motors company's values, priorities, the professional development opportunities given for employees and many more.

During the guest lecture, Mr. Andersson gave valuable advices to students, shared his international experience and answered all their questions. Participants who gave the most

interesting questions and winners of Quiz were awarded with gifts by UzAutoMotors Powertrain.

As part of the visit, Mr Andersson was also closely acquainted with technopark, laboratory and startup projects of Turin Polytechnic university in Tashkent.
