▣▣Interesting fact: Nodirjon Yusufov now lives in Italy and runs a family vlog on Instagram and YouTube, creating valuable content for people who are interested in studying, living and traveling abroad. The name of the vlog is: "Yevropa Kundaligi".

He says:

"I currently live and work in Turin, Italy with my family and I would not be able to make it here without 4 years I spent at TTPU. I did not only study there, it was my second home and I got to know vast number of talented individuals. My network at the university helped me to win scholarships, attend events abroad, get employed at the Ministry and even start my international career. I am a proud TTPU alumni and always will be and the years I spent, I will always cherish."
