# TERROBYTE HACKATHON 2024

From April 23 to 25, Turin Polytechnic University in Tashkent held the **"TERROBYTE HACKATHON 2024"**, a prize fund of **100,000,000 soums**, dedicated to the 15th anniversary of the university.
20 teams of students from all higher education institutions in Uzbekistan and schoolchildren took part in this hackathon. In addition, within the framework of the hackathon, the Republican sports programming competition was also organized, in which about 1200 students from our republic competed in the robocontest.uz system.

The main goal of **"TERROBYTE HACKATHON 2024"** is to develop technological solutions using open data to address problems in various sectors of the Uzbekistan market, to improve existing processes and to develop new software products.

During the three-day Hackathon, which was held at the Technopark of the Turin Polytechnic University in Tashkent, the participants worked on the tasks, assisted by teachers and volunteers from the Department of Automatic Control and Computer Engineering of the university.

In the nomination for the "FutureLogistics Hackathon: Innovation for UzAuto Motors Warehouse Automation and Product Search" competition, the following teams won:

**1st PLACE: GEO CAR Team — 15,000,000 soums**
**2nd PLACE: CYBERPUNK Team — 12,000,000 soums**
**3rd PLACE: SHU BROTHERS Team — 9,000,000 soums**

Within the framework of the hackathon, the winners of the Republican sports programming competition "Young Programmer" are:

**1st PLACE: ASILBEK SUNNATOV — 8,000,000 soums** and the opportunity to become a Turin student;

**2nd PLACE: HUSANBOY MANSURALIYEV — 6,000,000 soums** and the opportunity to become a Turin student;
**3rd PLACE: ULUGBEK RAHMATULLAYEV — 3,000,000 soums** and the opportunity to become a Turin student;

Within the framework of the hackathon, the winners of the Republican sports programming competition "Girls Programmers" are:

**1st PLACE: ZARNIGOR RAKHIMOVA — 8,000,000 soums** and the opportunity to become a Turin student;
