

# **TTPU students participated in military-patriotic sports competitions**

Students of 9 foreign universities branches operating in Tashkent city and Tashkent region participated in military-patriotic sports competitions organized within the framework of the implementation of five important initiatives of the President of the Republic of Uzbekistan signed under the memorandum. A team from the Turin Polytechnic University in Tashkent also actively participated in these military-patriotic games, demonstrating their abilities.

In the training field in Olmaliq city under the Ministry of Defense a group of active young student competed in various military-patriotic sports activities, including reluctance on the turnstile, overcoming obstacles, disassembling and assembling a combat weapon-fought on the shooting conditions of the target.

Judges, consisting of military officers, evaluated the teams fairly and objectively, exchanging their knowledge and expertise with the participants. At the end of the intense and competitive competitions, the strongest were identified and awarded with valuable and honorary prizes.
