

Memorandum of Understanding signed between TTPU and “ONESEC” company

On 13 June, 2024, a meeting was held with the participation of Jaloliddin Yusupov, vice-rector for financial and economic issues and innovations of Turin Polytechnic University in Tashkent, and Dmitry Paleev, director of ONESEC.

In the memorandum of understanding signed at the meeting, the parties reached an agreement to attract TTPU students to paid internships, to join efforts in holding joint public events, competitions, science and technology camps, hackathons and festivals among young people as part of promoting STEM education in Uzbekistan. As well as jointly implement projects to hold seminars, conferences, round tables, as well as, master classes and guest lectures to strengthen the practical skills of TTPU students and graduates. In this way, to promote the interest of young people in the field of information security.
