

# Architect students of TTPU are training in Quedlinburg, Germany

Master's students of "Restoration and Conservation of Historical Monuments" from Civil Engineering and Architecture department are now in Germany learning restoration works of timber structure buildings at Deutsches Fachwerkzentrum Quedlinburg e.v.

Their summer training (that starts and ends on June 15 and 30 respectively) is being supervised by prof. Nilufar Tuxhboeva (Civil Engineering and Architecture department, TTPU) and prof. Claudia Henrich (Deutsches Fachwerkzentrum Quedlinburg e.V.)
