

Dear Compatriots!

The administration of Turin Polytechnic University in Tashkent sincerely congratulates you on **Remembrance and Honor Day, the Day of Great Victory!**

The foundation of state and social life in our country are **PEACE and FREEDOM**, that were generously presented to post-war generations by our ancestors who traversed the hard paths of a brutal and arduous war.

Decades have been passing, generations have been changing, but the Great Victory remains in our hearts as a symbol of the national pride, military glory and valor of our people.

The ranks of veterans are declining, but their names and the courage they displayed will remain in our memory forever.

We sincerely wish you, your family and friends good health and prosperity, peace and stability, patriotism and inexhaustible faith in the bright future of our country!

With sincere and best regards,

TPUT administration
