

On May 13, the first entrance exam for 2022/2023 academic year was held at the Turin Polytechnic University in Tashkent.

The applicants have taken an exam for the following tracks “Mechanical engineering”, “Automotive engineering”, “Civil engineering”, “Software engineering”, “Computer engineering”, “Architecture and design”.

Knowledge of the applicants were evaluated by a set of online tests with multiple-choice questions, which consisted of the following questions:

Mathematics: 18 questions (time: 40 minutes)

Comprehension: 6 questions (time: 12 minutes)

Logic: 6 questions (time: 12 minutes)

Physics: 12 questions (time: 26 minutes)

Professors from Politecnico di Torino (Italy) participated in the exam to control the transparent examination process. Parents also were able to observe the exam online and had opportunity to get detailed answers to all their questions through an open conversation with the rector of the university J.Sh. Inoyatkhodjaev.
