

DEAR CIE STUDENTS

We are happy to announce that **two CIE 2nd level** students have been selected under the **Erasmus + Exchange program** at Bauhaus-Universität Weimar, Germany **for 2021-2022 a.y.**

We sincerely congratulate Abdullo Abdumajidov and Malikabonu Yusupova on the victory at this stage of the program and thank the rest of the students for their active participation!

The students were selected based on their GPA:

Abdullo Abdumajidov – 25.4

Malikabonu Yusupova – 23.8

Department of International Relations (Room#503, tel #71 2463067)

Tendering Announcement

To all interested parties!

Dear Madam/Sir,

You are kindly requested to submit your quotation for the following items before May 10, 2021, 12.00 a.m. Tashkent local time (UTC +05:00). The aim of this RFQ is to supply of IT equipment for 4 Universities of Uzbekistan in the framework of the ERASMUS+ Project: 610170-EPP-1-2019-1-ES-EPPKA2-CBHE-JP, “ELBA: Establishment of training and research centers and Courses development on Intelligent Big Data Analysis in CA”. All equipment is aimed for educational purposes; therefore, we are kindly asking to consider quotation under your university discount program.

You may download full list using following link:

[List of equipmentDownload](#)

CONDITIONS:

1. Quotation must be in English language.
2. The prices must be quoted in Euro.
3. Price shall be quoted with no VAT included.
4. All servers, computers, workstations, notebooks and printing equipment must be produced by the worldwide known manufacturer(s) included into annual reports of Gartner/ IDC.
5. All computers, workstations, notebooks and printing equipment must have authorized service center with official branches in all regional centers of Uzbekistan.
6. All personal computers, workstations, notebooks must be supplied with licensed Windows 10 Pro operating system.
7. The financial offer shall include all export charges in the country(ies) of departure and accompanying costs: customs declarations, transportation to Beneficiaries, transportation within Uzbekistan, warehouse storage (until customs cleared), processing, permission documentation and certification.
8. The Supplier must provide the Beneficiary(ies) with full support in preparing documents which is required to guarantee successful preferential customs clearance and hold negotiations with the involved Ministries.
9. After customs cleaning all the equipment must be delivered to the Beneficiaries' address indicated below, installed and put into operation.
10. The Hardware shall be new, unused and complete.
CONNECTION CABLES: all hardware shall be supplied with all necessary cables such as power, interface, etc.
PERIPHERAL EQUIPMENT: peripheral equipment shall be provided with appropriate software and drivers to operate with the standard software.
11. Warranty period for active equipment must be at least 1

year if other is not stipulated separately in the Technical requirements.

12. Delivery addresses:

Turin Polytechnic University in Tashkent

17, Small Ring Road

Tashkent 100095

Uzbekistan

Tashkent State Transport University

1, Temiryulchilar street

Tashkent

Uzbekistan

Urgench State University

14, Hamid Alimjan street

Urgench 220100

Uzbekistan

Bukhara Engineering Technology Institute

15, Kayum Murtazaev

Bukhara 200117

Uzbekistan

OTHER CONDITIONS

Delivery Time 60 (sixty) working days after payment installment.

Validity of Quotation 30 DAYS.

Mode of Transport AIR , SURFACE, OTHERS.

Your commercial offers shall be send to following address:

Attention: The ELBA Project Management Team

We are in Twitter and LinkedIn!

Dear friends!

We hasten to please you with great news! In addition to our pages on [Telegram](#), [Instagram](#), [Facebook](#) and [YouTube](#), now we have official pages on [LINKEDIN](#) and [TWITTER](#)!

Stay up to date with all the events and news of Turin Polytechnic University in Tashkent in all social networks!

A memorandum of understanding was signed between Turin Polytechnic University in Tashkent and LLC “Huawei Tech Investment Tashkent”.

A delegation of Huawei Uzbekistan, headed by the company's director Liu Jiabin, visited Turin Polytechnic University in Tashkent. During the visit, an introductory tour of the university campus for the guests was made by the rector of the university Inoyatkhodjaev J. Sh. and administration.

Then, having familiarized with all the possibilities of both parties and having mutual interest and understanding the

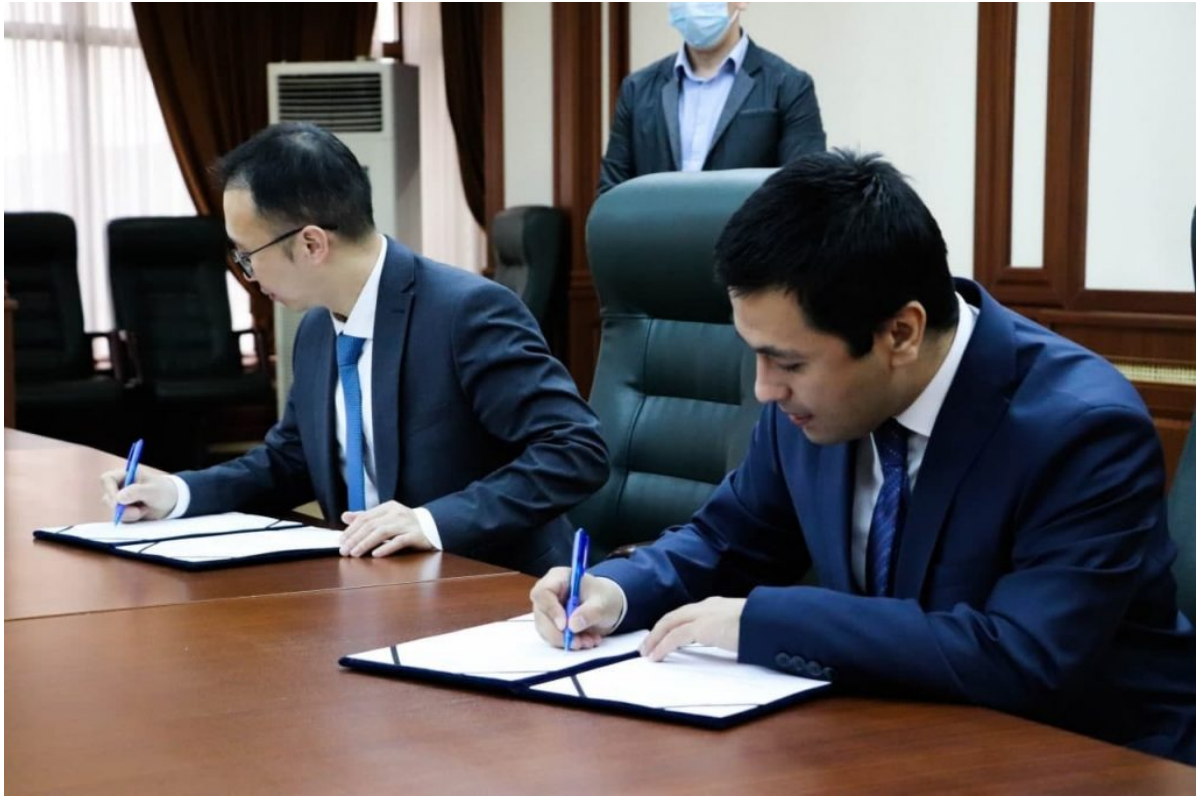

importance of cooperation in strengthening the information, communication and telecommunication infrastructure of Uzbekistan, the director of Huawei Uzbekistan Liu Jiaxin and the rector of Turin Polytechnic University in Tashkent Inoyatkhodjaev J. Sh. signed a memorandum of understanding, according to which parties will develop joint programs in order to improve the digital skills of university students and train qualified IT specialists.

We hope that this meeting will be a big step in supporting talents in the field of IT education and in the further development of the information technologies field of the Republic of Uzbekistan.

Pittsburg State University (PSU)

Masters of Science in Technology (MST)

TTPU graduates and students of level 3 (ME, CIE, ICT) interested in Master Program at PSU are recommended to apply for a grant from “El-Yurt Umidi” Foundation by May 1, 2021.

The MST Program Emphases: Automotive Technology; Construction Management; Graphics Design; Graphics, Management; Information Technology; Innovation in Technology, Technology Management.

The academic requirements: •Earned B.S. from TTPU or completing required credits toward June of 2021 •IELTS 6.0 overall (**valid**) with a minimum score of 5.0 in each band (PSU’s valid period is one year)

To apply for a grant for “El-Yurt Umidi” Foundation, please follow the link <http://admission.eyuf.uz/registration/select/4>

To get information of MST Program, please check the link below:

**Department of International Relations (Room # 503;
phone: 71 246 30 67)**

Admission for 2021-2022 academic year is open!

Would You like to:

- ☐ study in one of the prestigious technical universities in Uzbekistan?
- ☐ have a training according to the European standards?
- ☐ be awarded with world recognized diploma of a leading university in Italy?
- ☐ be taught by foreign professors and have international friends?
- ☐ enjoy foreign university atmosphere that we used to see in movies?
- ☐ realize your innovative ideas and projects?
- ☐ have the up-to-date equipment and machines to practice your knowledge?
- ☐ widen your knowledge with the help of students' exchange programs in Italy, Germany, Japan and more?
- ☐ have a bright unforgettable academic, social and cultural students period?

If your at least one answer is **“Yes!”**, then You Are Welcome to Turin Polytechnic University in Tashkent!

Admission for 2021-2022 academic year is open!

This year we have 50 grant places!

So hurry up to apply!

Registration deadline for the first phase of admission exams is **May 16, 2021**.

HUAWEI VISITS TTPU

TURIN POLYTECHNIC UNIVERSITY IN TASHKENT

APRIL 21, 2021

TTPU NEWSLETTER

By Khasan Khankeldiyev, TTPU's Department of International

Mr. Liu Jiaxin, General Director of Huawei Tech Investment Tashkent, and Dr. Jamshid Inoyatkhodjaev, TTPU's Rector, holding the Memorandum of Understanding between two parties after signing the documents at TTPU's conference hall on April 21, 2021.

Huawei representatives in Tashkent visited Turin Polytechnic University in Tashkent today to discuss a range of collaborations in the field of telecommunications and electric car development.

Mr. Liu Jiaxin, General Director of Huawei Tech Investment Tashkent, said that he finds TTPU as a very big and advanced university and that its students can carry out high-performance tasks. Mr. Liu said that he intends to invite some of TTPU students to his company after their graduation.

“[TTPU] ...is a very big and advanced university. Students can carry out high-performance tasks,” says Mr. Liu Jiaxin, General Director of

Dr. Jamshid Inoyatkhodjaev, TTPU's Rector, pointed out that right now a number of former TTPU students are working at Huawei Company in Tashkent.

Dr. Inoyatkhodjaev personally gave the Huawei delegates a special tour around the university facilities and research centers. Throughout the short stops at the centers, he explained to the guests key advantages of TTPU university for its students, researchers and partners.

Mr. Liu and his delegates were presented with a number of model cars available at university labs from gas-driven cars to electric and solar-powered ones.

At the TTPU's conference room, after seeing the advanced

facilities on TTPU's campus, Mr. Davron Azizov, Director of Corporate Communications Department, said that Huawei Company plans on the production of electric cars under Huawei brand.

Mr. Azizov said that the world is changing dynamically and that TTPU is the best platform to share this momentum with Huawei Tech Investment Tashkent.

"Together with your channels and your support, we can achieve high potentials," said Mr. Azizov at the end of his speech.

At the end of the meeting, two sides signed the Memorandum of Understanding, which expresses parties' desire to consider the possibility of implementing joint projects aimed at developing the potential of students and employees.

Moreover, two sides may even consider the possibility of attracting students for internships for the development of practical skills, preparation for work in the sphere of information technologies.

Pittsburg State University (PSU)

TTPU's second level ME students interested in "2+2" program at Pittsburg State University (PSU), Kansas, USA, have a great opportunity to apply for a grant from "El-Yurt Umidi" Foundation by May 1st 2021

The academic requirements: •2 level ME students (10 = best candidates will be selected) •IELTS 6.0 overall (**valid**) with a minimum score of 5.0 in each band

Dear ME students of Level 2, please take this great opportunity to apply for a grant below the following link. For now you have to complete the application process. Next, TTPU's International Relations Department soon will begin the application process for the 2+2 Program of PSU/TTPU. Both universities have worked hard to arrive at this point.

Interested students should apply **directly** on "El-Yurt Umidi" Foundation website by following the link <http://admission.eyuf.uz/registration/select/4>

Department of International Relations (Room#503, tel #71 2463067)

Голосуй за премию бренда года!

Друзья, как думаете, сможем ли мы получить Премию «Бренда года – 2020»?□

Если Ты с нами,
если Ты за наш университет,
то несомненно мы станем призёрами! 🏆

🏆В этом году пройдет IV Премия и Церемония награждения лучших брендов по 24 категориям и будут вручены специальные награды: «Личность года», «За вклад в развитие маркетинга и рекламы Узбекистана», «Прорыв года».

🏆Задачи Премии – определение, поддержка и поощрение компаний, успешно работающих на отечественном рынке, развитие сферы предпринимательства, инфраструктуры рынка маркетинговых и рекламных услуг.

🏆Открытое голосование среди потребителей будет проходить с 16 апреля по 14 мая в Telegram боте @makon_brand_bot.

Туринский политехнический университет в городе Ташкенте также участвует в Премии «Бренд года 2020» .🏆

Если Ты с нами, найди
🏆 @makon_brand_bot 🏆 в Телеграм и поддержи свой любимый университет! 🏆

Вместе мы сила! 🤝🤝🤝🤝

Apply for grant to study at Pittsburg State University!

🇺🇸 Dear TTPU's second level ME students interested in "2+2" program at Pittsburg State University (PSU), Kansas, USA!

➔ Now You have a great opportunity to apply for a grant from "El-Yurt Umidi" Foundation by May 1, 2021!

□The academic requirements:

- being 2nd level ME student and being among TOP-10 best candidates to be selected

- IELTS 6.0 overall (valid) with a minimum score of 5.0 in each band

□Interested students should apply directly on “El-Yurt Umid” Foundation website by following the link:

<http://admission.eyuf.uz/registration/select/4>

□ TTPU’s International Relations Department will begin the application process for the 2+2 Program of PSU/TTPU soon!

Pupils of schools and educational centers visited Turin Polytechnic University in Tashkent.

Turin Polytechnic University in Tashkent (TTPU) is of great interest to many applicants. Many schools have visited TTPU to get acquainted with all its possibilities and conditions.

The tours began with a short acquaintance with the multidisciplinary activity of the university and the history of its creation in collaboration with the Turin Polytechnic University (Italy), which is one of the ten best universities in the field of engineering in Europe. The schoolchildren were also impressed by the fact that training is conducted exclusively in English, that the academic program and procedure is fully established by TPU-Italy and that upon

graduation from the university 2 diplomas are issued, one is issued by TPU-Italy, which is recognized in more than 120 countries of the world, and the second is issued by Turin Polytechnic University in Tashkent.

Then, student volunteers took a tour all over the university campus – 2 academic buildings, closed and open air libraries, a sports complex, basketball and football stadiums and a new skate park, where now there are a skateboarding ramp and a climbing wall.

Schoolchildren also got acquainted with the latest projects of university students in the Mechatronics center and Technopark, where all the opportunities for the implementation of innovative ideas are equipped and given for the disposal of university students.

We hope that we were able to at least partially familiarize our guests with the capabilities of our university.

We will be looking forward to seeing You again!

Enlightenment against ignorance!

The meeting of students with the Imam Khatib of the Mirzogolib Mosque M. Sultankhanov and the senior teacher of the Department of Hadiths and the History of Islam of Tashkent Islamic Institute A. Toshpulatov was held under this name in Turin Polytechnic University in Tashkent.

The event was opened by the vice-rector of TTPU for work with youth A. Ashurov, speaking about the importance of strengthening the spiritual maturity of young people: "To prevent any disease, first of all, the human body develops immunity against it. If we want to educate our youth in the spirit of love for the Motherland, for our rich history, devotion to the religion of our ancestors, we must, first of

all, strengthen the ideological immunity in the minds of young people against “mass culture”, various alien ideas, a negative state that contradicts our national spirituality and also contribute to the further development of the spiritual maturity of students through propaganda aimed only at goodness and patriotism”.

The next word was given to A. Toshpulatov: “The most powerful weapon that eliminates ignorance and anger is spirituality and enlightenment, and the best way to achieve this is by reading books”. In his speech, he also stressed the importance of education from an Islamic point of view and the need for both secular and religious knowledge.

In his speech, M. Sultankhanov, drew attention to the influence of mass culture, social networks, which can carry both positive and negative information. He broadly covered the humane essence of the religion of Islam, which reflects such values as nobility, peacefulness and humanity. The lecturer called for a deep study of the rich cultural heritage of our ancestors who made an invaluable contribution to Islamic and world civilization.

During the conversation, the students managed to get answers to all their questions. We hope that the meeting was able to leave its mark on the further development of the spiritual maturity of our students.

ADMISSION 2021/2022

REGULATION ON ADMISSION AND DEADLINES OF SUBMISSION OF DOCUMENTS FOR BACHELOR OF SCIENCE STUDY PROGRAMS IN TURIN POLYTECHNIC UNIVERSITY IN TASHKENT (TTPU) FOR THE ACADEMIC YEAR 2021/2022

1.1. FOREGROUND

This Regulation is a set of rules and requirements for the admission of students to the Bachelor of Science (B.Sc.) programs offered by Turin Polytechnic University in Tashkent (TTPU).

1.2. Faculties and seats

For the 2021/2022 academic year, at Turin Polytechnic University in Tashkent (TTPU), the admission quota for the

Bachelor of Science (B.Sc.) for each faculty is:

Name of faculty	Number of seats
Mechanical Engineering	250
Automotive Engineering	250
Information Technologies and Programming in Industry (Computer Engineering)	350
Industrial and Civil Engineering and Architecture	50

1.3. Scholarship

In 2021/2022 academic year, there will be scholarships available by “UzAvto”, Turin Polytechnic University in Tashkent, in addition, state scholarships will be provided ([according to the draft Decree of President](#)). Selection for scholarships will be based on the results of the admission and will be given to those applicants who obtain the highest score. The number for scholarship places for the 2021/2022 academic year is the following:

Scholarship	Number of seats
State Scholarships	15
Turin Polytechnic University in Tashkent	10
“UzAvto”	25

1.4. Admission procedure and important dates

1.4.1. Admission test

All the Bachelor of Science (B.Sc.) programs offered by TTPU are based on a “locally programmed admission” scheme. There is a limit with a limited number of places for students. The University accepts applicants who have received the highest number of points in the **Admission Test**, until the limit of the admission quota is reached. The score obtained in the Admission Test, is valid only for the 2021/2022 Academic Year.

Applicants, who score very high marks in the Admission Test, are possibly allowed to skip the Preparatory Year and given the opportunity to be enrolled in the First Level (= Second Year), provided that the language requirements discussed in the Section 1.5 are satisfied. It is important to point out that applicants must hold a Secondary School Diploma obtained after 12 years of school attendance or 11 years + having passed all the scheduled exams in the Preparatory Year or 11 years + one year at a recognized University (having passed all the scheduled exams).

The applicant has the right to refuse this opportunity and continue his/her studies from the Preparatory Year.

The final decision on admission to the First Level is made after the consent of the Rector of Turin Polytechnic University in Tashkent, the Vice Rector on Academic and Scientific Matters and the coordinator of the Admission Committee.

1.4.2. Date of examination

There will be three admission tests for the 2021/2022 Academic year:

- First session will take place on May 21, 10 AM Local Time (Registration deadline May 14, the maximum number of applicants is 450). **If the number of registered applicants exceed the quota for the first exam they will automatically enrolled to the July session. Applicants who miss to show up are not allowed to participate in the July session;**
- Second session (with larger number of applicants) will take place in the beginning of July (exact dates and procedure will be announced later);
- Third session will take place in September (tentative period; exact dates and procedure will be announced later) and eligible applicants are not allowed to skip

PY.

The admissions tests will be at the Turin Polytechnic University in Tashkent at the address: Kichik Halka Yuli street, 17, Tashkent 100095, Uzbekistan (Landmark: Students' Campus, former Cinema "Nukus", supermarket "Asia.uz").

1.4.3. STEP #1 – On-line Application

The Online application form is available at:

[Go to Application](#)

PLEASE WATCH THE VIDEO HOW TO FILL IN ONLINE APPLICATION.

The registration is now open for the first, i.e., May, session.

Step 1 is mandatory and applicants cannot proceed to step 2, if step 1 is not completed!

STEP #2 – In order to ensure the transparency of the admission process,

Admission committee will take applicant's fingerprint and photo. The applicant must have with him/her a passport, document of secondary education (diploma, certificate in the absence of the diploma or a document confirming the completion of the studies at this educational institution (original)).

In addition, due the cost associated with maintaining the student database, each applicant must pay the admission fee of 5 euros (65000 sum) at the exchange rate of Central Bank. **Applicant who have not paid the admission fee will not be admitted to the exams.**

For this, applicants must arrive at the address: *Kichik Halka Yuli street, 17, Tashkent 100095, Uzbekistan (Landmark: Students' Campus, former Cinema "Nukus", supermarket*

"Asia.uz"). After completion of this process, the original documents will be returned to applicants.

If the applicant did not make successfully the Online Application within the admission period, and did not submit fingerprint and photo, then the documents will not be accepted and the applicant will not be allowed to take the exam!

1.4.4. Online test

Knowledge of the applicant will be assessed by a set of online tests with multiple-choice questions, featuring a difficulty level that is adequate to the secondary school programs of the Uzbekistan.

The Online Test consists of:

Mathematics: 18 questions (time: 40 minutes)

Comprehension: 6 questions (time: 12 minutes)

Logic: 6 questions (time: 12 minutes)

Physics: 12 questions (time: 26 minutes)

The full online test consists of **42 questions** and will last **90 minutes**. Each question has 5 possible choices, but **only one** of them is correct.

Every question carries:

1 point – if it is correct(*you get 1 point*)

-0.25 points – if it is wrong(*you loose -0.25 points*)

0 points – if it is left blank(*you do not loose any points*)

All the questions will be in English!

1.4.5. Exam results

Applicants will know their results soon after the end of the

online test. The full list of the candidates ranked with percentage of their results will be announced within a week after the admission test.

After the announcement of the results of examinations, applicants who have successfully passed the admission test must submit the following documents to the Admission Committee:

- submit the paper application form, provided at the front desk by the Admission Office: *it must be properly filled in and initially signed by the Applicant, in front of an Authorized member of the Admission Committee;*
- show the original Passport (with copy);
- provide 4 color photos 3 x 4;
- provide 1 paper folder, large envelop;
- submit Secondary Education Certificate (college or lyceum certificate/ diploma);
- IELTS certificate 5.5 band or higher (for other language certificates see section 1.5. of this regulations).

Paper documents should be submitted to the Admission Committee at Turin Polytechnic University in Tashkent, Kichik Halqa Yuli str. 17, Tashkent 100095, Uzbekistan.

1.4.6. Exemptions from the admission test

This section is intended for applicants, who have certificates listed below. A score equal to or higher than a given threshold is set. According to the Section 1.4.1, students with very high marks are possibly allowed to skip the Preparatory Year and enter the First Level. The final decision is made by the Admission Committee coordinated by the Vice-Rector on Academic and Scientific Matters. For foreign students coming from countries where Admission Test to University is compulsory, it is necessary to attach a certificate confirming that the exam is passed.

Certificates considered equivalent to the admission test (the

following number refers to the grading equal to or higher than the threshold: 60/100)

GRE (General Test) with a minimum score of 153 in the “Verbal” section and 144 in “Quantitative” section and any score in the “Analytical Writing” section

GMAT with a minimum score of 500 in the two sections “Verbal” and “Quantitative”, with any score in the “Analytical Writing” section.

SAT *SAT Reasoning test* (section “Evidence-Based Reading and Writing” and section “Math” with a minimum score of 500 points in each section) and *SAT Subject Test* (section “Physics Level 1 or 2” and section “Mathematics Level 1 or 2” with a minimum score of 500 points in each section). The two sections “Evidence-Based Reading and Writing” and “Math” of the SAT Test can be replaced by the ACT Test with a minimum score of 20.

1.5. English Language certificate

The minimum IELTS (academic) requirement for enrollment in the Preparatory Year of the Bachelor of Science (B.Sc.) programs at TTPU is **IELTS 4.5**.

IELTS (academic) 5.5 or higher is mandatory to progress to the First Level of the Bachelor of Science (B.Sc.) programs at TTPU.

The equivalent English Language Certificates and exemption cases can be found at <https://didattica.polito.it/cla/en/certificates>.

1.6. Tuition fee

The tuition fee per 1 Academic Year for all courses of the Bachelor of Science (B.Sc.) is **28 500 000 (twenty eight million five hundred thousand) UZB sums**.

CONTACTS

Responsible people for the work process of the Admission Committee:

Chairman of the Admission Committee – Inoyatkhodjaev J. Sh.

Secretary of the Admission Committee – Abdullayev F. B.

The administration of the Turin Polytechnic University in Tashkent is not responsible for the activities of people outside of this list!

For more information regarding the application process and any other queries, please contact directly to Turin Polytechnic University in Tashkent at:

E-mail: admission@new.polito.uz

Tel: +99871 246-80-51, +99871 246-80-52

Work hours of admission committee: Mon – Fri 9:00 – 17:00

Happy Ramadan!

Dear friends!

Turin Polytechnic University in Tashkent congratulates You on the arrival of the blessed month of Ramadan.

We wish you health, prosperity, happiness to your homes, smiles on your face, love and kindness to your hearts. May your prayers be heard by Allah!

Scientific seminar of two PhD students from Civil Engineering and Architecture Department, TTPU

On April 16 2021 at 15.00 a scientific seminar on the two topics:

1. [“Hybrid simulation”](#)

Speaker: *Karimov Bekmurod*

and

2. [“Mathematical modeling of the stress state of structural elements from composite materials”](#)

Speaker: *Razmukhamedov Daniyarbek*

will be held.

Civil Engineering and Architecture Department, TTPU

Location: *Room B1, Building B (new building).*

Everyone is welcome!

Representatives of the Japanese-German machine-tool holding “DMG MORI Russia” visited Turin Polytechnic University in Tashkent.

Rector of Turin Polytechnic University in Tashkent J. Sh. Inoyatkhodjaev received a delegation from [DMG MORI Russia](#) headed by Director I. G. Tonkikh.

[DMG MORI](#) ranks first in the global machine tool industry and is the recognized as the world leader in the development of metalworking technology.

The visit of DMG MORI Russia delegation began with an acquaintance with the university campus and its scientific and technical base. During the visit, the parties discussed issues of further improving the educational base in the field of mechanical engineering.

Director of DMG MORI Russia Academy I. G. Tonkikh came up with a proposal to create a laboratory for students to practice working with DMG MORI machines. This will enable students to gain knowledge and experience in the world-class machine tool industry, as well as increase their competitiveness with foreign engineers.

The rector of Belarusian State University visited Turin Polytechnic University in Tashkent.

In the aim of establishing interuniversity cooperation, the rector of Turin Polytechnic University in Tashkent (TTPU) J. Sh. Inoyatkhodjaev received the delegation of [Belarusian State University](#) (BSU) headed by the rector A. D. Korol.

During the meeting, the parties got acquainted with the possibilities of universities and discussed the sides of joint cooperation for the development of international cooperation in the fields of education, science and technology between

universities.

We hope that this meeting will become a step for close cooperation and achievement of new heights for both universities.

DEAR CIE STUDENTS

We are happy to announce **Exchange student opportunity for the 2nd level civil engineering students for 2021-2022 a.y.**

University: Bauhaus-Universität Weimar, Germany

Period: Winter semester (01 October 2021- 31 March 2022)

Application deadline: Please submit your transcript record to International department of TTPU (room #503) and Civil Engineering and Architecture Department (copy to 608 room) by **April 14, 2021.**

Number of Student to be selected: Only two advanced students will be selected.

Tuition fee: All expenses will be covered by Erasmus+ Programme
Department of International Relations
(Room#503, tel #71 2463067)

Exchange student opportunity only for 2nd level civil engineering students of TTPU for 2021-2022 A.Y.

- University: Bauhaus-Universität Weimar, Germany
- Period: Winter semester (01 October 2021- 31 March 2021)
- Application deadline: Please submit your transcript record to International department of TTPU and Civil Engineering and Architecture Department (copy to 608 room) by April 14, 2021.
- Number of Student to be selected: Only two advanced students will be selected.
- Tuition fee: All expenses will be covered by Erasmus+ Programme, Key Action 1 (Inter-institutional agreement 2019-2021) Project.

Indonesian government has announced KNB Scholarship program.

Students interested in the program should fill out the application form following the link below the poster.

The KNB Scholarship covers:

1. A Settlement allowance of IDR 1,500,000 will be given to new students upon their arrival in Indonesia;
2. While taking the Indonesian language course and preparatory programs, the new students will only receive living allowance and book allowance that will be distributed monthly;
3. During the Academic Program, the KNB students will receive monthly allowance that consists of living allowance and research and book allowance;
4. A health insurance with a maximum of IDR 400,000 monthly premium (In case of the cost of medical services exceeded to those covered by the health insurance, the difference should be borne by the student);
5. A round-trip international airfare (economy class) from the international airport of the student's home countries to Indonesia, including local transport to the host university;
6. The duration of scholarship is exclusively correlated to the duration of the academic program as indicated below:

NO	PROGRAM	DURATION
1.	Indonesian Language Course and Master Preparatory Program	Maximum 12 months
2.	Doctorate Program	Maximum 36 months (6 semesters)
3.	Master Program	Maximum 24 months (4 semesters)
4.	Bachelor Program	Maximum 48 months (8 semesters)

[Fill the application](#)
