

# **An excursion to Turin Polytechnic University in Tashkent was organized for pupils of School #196.**

Recently pupils from School #196 have visited our university. These pupils, led by school teachers, witnessed the building of our university, its conditions and, of course, how the teaching process is conducted. We hope that this has increased their interest to our university. Not surprisingly, if during the campus trip, the pupils set themselves the goal of becoming a student of Turin Polytechnic University in Tashkent in the future. We wish them good luck and success in achieving their goals and the privilege of being a student.

□Many thanks to the university volunteers who actively helped us in organizing this excursion!

## **TTPU signed a memorandum of understanding with comprehensive schools**

In accordance with the execution of tasks mentioned at the video conference dedicated to the discussion of improving education system, developing science acceleration in our country held by the chairmanship of Sh. M. Mirziyoyev, the president of the Republic of Uzbekistan, and in accordance

with Statement #3 of the Working group meeting held on 22 November, 2020 by the leadership of B. A. Musayev, a deputy Prime minister, dedicated to connecting secondary schools with higher educational institutions, Turin Polytechnic University in Tashkent signed a memorandum of understanding with secondary schools No. 312, 78, 14, 203, 129 of Uchtepa district and developed a concept of cooperation with secondary school No. 196 of Almazar district.

□Now, based on the experience of TTPU, schooling will be improved by:

- teaching advanced teaching methods to the school teachers using university teaching staff potential and experience;
- organizing lectures, seminars as Master class format to increase the school teachers' language skills on English;
- holding different competitions and subject-olimpiads together;
- establishing cooperation in scientific investigations.

---

## **Congratulations on the Day of Defenders of the Fatherland!**

Our dear strong, brave and reliable defenders!

Turin Polytechnic University in Tashkent sincerely congratulates you on the 29th anniversary of the formation of the Armed Forces of the Republic of Uzbekistan and the Day of Defenders of the Fatherland!□□□

We express our deep gratitude for your military service in the name of peace and security of the country, for your prop and support. We wish health, happiness and prosperity to you and

your family.

Happy Holiday! ☺☺☺

---

## **A seminar on “Importance of Lectures in Civil Engineering Projects” is to be hold!**

---

**At TTPU, doctoral students presented their scientific work to the public for the first time!**

☺☺☺In the exhibition held in the library of our university, PhD students presented their scientific work to their colleagues, professors, students and staff of the university. The scientific works were evaluated by members of the jury. This exhibition was a great opportunity for anyone interested in Mechanical and Civil Engineering to learn more.

☺Taking into account the incredible success of the Poster Day, we are planning to hold similar scientific exhibitions at our university on a quarterly basis.

☐The winners will be awarded cash prize up to 50 million soums.

☐Take part and win!

---

## Happy New Year!

Dear All!!!

This year was not an easy one for all of us ... But at the same

time, there were many happy moments. This year we managed to spend more time with our family, take more care of our health and health of all our loved ones! We had to stop some work and move to an online mode.

But by uniting, we were able to achieve almost victory over the coronavirus! It should be noted that our students and staff also became the reason for this achievement with the invention of the artificial lung ventilator the equipping of Volkswagen ambulances with all the necessary equipment. It should also be mentioned that our talented students did not stop working on their projects and participating in competitions on behalf of the university they achieve honorary places. There were also many achievements of professors, graduates and students in terms of scientific and educational spheres. And there were also those who brought so much joy to children and taught them new skills by creating an innovative camp.

In general, most of the kindest of you, being a part of the charity project, have become a great support in the life of one girl with cancer. As well, a lot of memoranda were signed and joint educational programs were launched with foreign universities such as Putra Business School and Pittsburg State University. Moreover, the license received by the university recently is our achievement.

The increased number of freshmen and students in general, as well as the new educational building under construction, demonstrate the prosperity of the university. Also, the TISS incubation center and the Polito Academy preparatory courses at the university have started their activities. If we talk about victories and achievements, then the year was not worse than the previous ones, on the contrary, it was eventful, fruitful and successful, despite the quarantine restrictions.

**Dear friends!**

**Turin Polytechnic University in Tashkent sincerely wishes you Happy New Year! May 2021 be even more successful and happy for**

**all of us. May all our close ones be healthy. Great achievements and heights to you and our University!**

---

## **TTPU became the owner of the License.**

It is gratifying to note that in the light of the decisions taken by the government, the procedure for obtaining documents characterizing any kind of a permission has moved to a qualitatively new level, and digitalization of processes simplifies the procedure itself and minimizes the reclamation of unnecessary documents and reduces the time and money spent.

**Turin Polytechnic University in Tashkent has been carrying out its activities up to this day on the basis of the Decree No.1106 of the President of the Republic of Uzbekistan dated April 27, 2009, along with other non-state educational institutions, became the owner of the License to carry out educational activities in the field of higher education.**

This document issued by the authorized State body once again confirmed the University's right to carry out activities for the training of specialists with higher education in the fields of mechanical engineering, automotive, information systems, construction and architecture.

---

# **Our students became the winners of the Students Cup Competition and TECHNOWAYS marathon.**

□In the Students Cup Competition, organized by IT Park to promote entrepreneurship and startup ecosystems among the students of higher educational institutions, the first place of honor was taken by the team NovaRobotics consisting of students of Turin Polytechnic University in Tashkent for their NovaAssistant project and they were presented a cash prize of \$15,000.

□In addition, the same team, participating in the TECHNOWAYS technological development marathon, organized by the Ministry of Innovative Development of the Republic of Uzbekistan with its NovaMini project, also took the first place and became the owner of a cash prize of 30 million soums.

□We congratulate our talented students on their victory and wish them great success in their future endeavors!

□Our students are our pride!

---

## **The online conversation took place on the topic**

# **“Protecting women from oppression and violence and the essence of gender policy”.**

At Turin Polytechnic University in Tashkent, via ZOOM platform, the round table was held on the topic “Protection of women from oppression and violence and the essence of gender policy”.

The guest of the round table was the national expert on gender issues of the United Nations Population Fund, trainer-consultant of the program “Gender and Gender Violence” of the Center for Support of Civil Initiatives, a psychologist with 20 years of experience in the field of violence, as well as qualifications in Russia and Turkey Mrs. Irmatova V. and the senior inspector of the Almazar DDIA, Lieutenant Colonel Matchanova O.

During the conversation, the issue of relationships, oppression and violence against women was raised, which has become an urgent problem today. In addition, a number of measures taken and normative documents recently introduced aimed at preventing violence in the country were highlighted.

We present a link of the recorded video for students who were unable to participate in this conversation:

<https://www.youtube.com/watch?v=-QVoVfUhyTE>

**Спикер:**

**Венера Ўринбаевна  
Эрметова**

– БМТнинг Аҳолишунослик  
бўйича жамғармасининг гендер  
бўйича миллий консультанти.

Фуқаролик ташаббусларини  
қўллаб-қувватлаш марказининг  
гендер масалалари бўйича  
маслаҳатчи тренер.

Ўзбекистон психологлари  
уюшмасининг аъзоси.

## ГЕНДЕР СИЁСАТИ

Гендер сиёсати – жамиятнинг барча соҳаларида эркеклар ва аёллар учун ҳуқуқлар, имтиёзлар, бурчлар ва имкониятларнинг тенглигига эришишга қаратилган, жинси асосида камситишга барҳам беришга қаратилган фаолият.

## Хулоса ўрнида:

«Гендер тенглигига эришиш масаласи Ўзбекистон учун устувор сиёсат йўналиши ҳисобланади. Мустақиллик йилларида бу масала тилга олинмаган, аёлларнинг зўравонликка учраши мавзуси ёпиқ бўлган бўлса, сўнгги уч йилда бу борада 2та қонун ва 15дан зиёд норматив-ҳуқуқий ҳужжатлар қабул қилинди. Қонунлар бўлса-да, лекин уларни амалиётга татбиқ қилишда ҳали кўплаб муаммолар бор».

«Одамларнинг дунёқарашини ўзгартириш керак» – Танзила Норбоева

- Гендер тенгликка эришиш учун янги хулқ-атвор моделларини, яъни эркак ва аёл шерик ва ҳамкор эканлигини тарғиб қилиш орқали гендер стереотипларини ўзгартириш зарур.
- Гендер тенгликка эришилса кўп ижтимоий муаммолар ўз-ўзидан хал бўлади, жамиятда мувозанат вужудга келади.
- Гендер зўравонлиқнинг асосий сабаби гендер тенгсизлиги.

# □Uzbekistan won a bronze medal at the International Distributed Physics Olympiad.

□The International Distributed Physics Olympiad (IdPhO) this year took place on December 7-15 in online format. A total of 285 members of the national team from 57 countries, selected for IPHO-2020, took part in the Olympiad.

□□□Doniyor Babajanov, a teacher at Turin Polytechnic University in Tashkent, as the head of the national team, organized the preparation of students for the International Olympiad.

□At the Olympiad, the national team of Uzbekistan was represented by five talented schoolchildren. Our team member Rail Khashaev took the honorable 3rd place and won a bronze medal.

Congratulations to all Uzbekistan population with a bronze

medal!

---

# **□ December! Time for New Year's miracles, magic and goodness.**

Kindness is a language in which the dumb can speak and which the deaf can hear!

And we also decided to bring a little magic and kindness to the defenseless children of the Khlebushkin's orphanage.

\*□ We call on you to help us and to participate in our great idea.

Near the library of our university, there will be a box for letters with New Year's wishes for children from the orphanage. Each of you who is not indifferent can write a letter with wishes and congratulations for the New Year! Make it up at your discretion and throw it into the box.

□□ Santa Claus will definitely deliver letters to children! Thus, making this holiday even more magical and happy! □□

And don't forget, that doing kindness is not difficult at all!

---

# **“Girls’ Creativity Evening” was held at TTPU.**

One of the issues highlighted by our President is the measures and programs aimed at improving the skills of women and providing them with jobs. It is safe to say that this is one of the important goals we have set for ourselves now.

A good example of this is the creative evening held at Turin Polytechnic University in Tashkent by the university Women’s Council. During the creative evening, the students of our University and the academic lyceum under TTPU demonstrated their talents at a high level. The girls performed poems, music and songs, as well as presented their handmade beadworks and photographs in exhibition.

The senior teacher of the P. Benkov School of Arts, who was invited as a guest to the event, demonstrated a master class on fabric dyeing with her talented students, which revealed another hidden talent of our girls.

# **The concert program “The Constitution – encyclopedia of our happiness” was held at TTPU.**

The concert program “The Constitution – encyclopedia of our happiness” dedicated to the Constitution Day of the Republic of Uzbekistan was held at Turin Polytechnic University in Tashkent on 9 December. The concert began with the sounds of our great anthem. The video, which reflected our past, present and, of course, our bright future, impressed everyone. Songs and dances performed alive by our students invited also the guests gathered in the hall to dance.

---

# **Cooperation is being established between the TTPU and school No. 196**

In accordance President of the Republic of Uzbekistan Sh.M. Mirziyoyev on November 22, 2020 on the implementation of the tasks set in the video conference on improving the education system in the country, with the Protocol No. 3 of the meeting of the Working Group chaired by Deputy Prime Minister Musaev B.A accelerating the development of science, as well as the

attachment of secondary schools to higher education institutions and increase their efficiency, **comprehensive school #196 in Almazar district has been attached to Turin Polytechnic University in Tashkent.**

In the meantime, TTPU has started cooperation with the comprehensive school#196.

From November 30 to December 1, **school professors visited TTPU** and were briefed by university officials on the university's activities, education system and teaching methods.

In addition, **TTPU staff participated as guests in the competition "The Constitution is in my destiny"** dedicated to "December 8 – Constitution Day", organized by the school administration, and pupils of the school were presented souvenirs on behalf of the university.

**Now, based on the experience of TTPU and Italy, the issue of improving the activities of this school by:**

- teaching advanced teaching methods to the school teachers using university teaching staff potential and experience;
- organizing lectures, seminars in the Master class format to increase the school teachers' language skills on English;
- to hold different competitions and subject Olympiads together;
- to establish cooperation in scientific investigations.

---

**Welcome to our holiday**

# **program                      “Constitution- encyclopedia                      of                      our happiness”!**

□Dear students, professors, teachers and staff of TPUT!

On the occasion of the Constitution Day on December 8, we invite all of you to our concert program named “Constitution-encyclopedia of our happiness”, which will be held on December 9 at 12:00 at the conference hall of our University. □□□

□All of you are welcome to our holiday program!□

---

## **CONSTITUTION IS A CRITERION OF JUSTICE**

Almost all the countries of the world today have their own free policy, language and state symbols. But not every of them have their own constitution. Of course, we are fortunate that our country has a constitution that is one of the our national symbols.

The Constitution of our country, embodying the age-old hopes of our great ancestors, their great aspirations for a freedom, for a prosperous society and a fair state, now serves as a

solid basis and program for all adopted laws and regulations.

**Today, December 8, marks the 28th anniversary of the adoption of the Constitution of the Republic of Uzbekistan. In this regard, Turin Polytechnic University in Tashkent congratulates all of you on this date.** May our independence last forever. May peace and tranquility reign in our country. May the Constitution and the rule of law serve the well-being of our nation.

**Happy Constitution Day, dear ones!**

---

## **A French company is to recruit TTPU students**

In search of talented students, the representatives of Assystem Engineering and Operation Services visited Turin Polytechnic University in Tashkent (TPUT). They showed a great interest in the university curriculum and highly appreciated its research facilities.

Assystem Engineering and Operation Services is a French organization operating in the design of all types of electrical networks and energy facilities using innovative technologies in 14 countries around the world. It is one of the three largest international nuclear energy companies worldwide and has over 50 years of experience in complex and strictly regulated industries.

Assystem Engineering and Operation Services has begun its activities together with the “Uzenergoengineering” company in Uzbekistan since September 2019.

“Employment of students and graduates of Turin Polytechnic University in Tashkent is mainly carried out in organizations such as Uzavtosanoat, Uzbekenergo, the Ministry of Innovative Development of the Republic of Uzbekistan, Lukoil, Enter Engineering, NMMC, AMMC, in construction companies and information technology companies. Cooperation with the French company Uzenergoengineering-Assystem will open great opportunities for both employment of our students and the development of the energy sector in our country,” says Oybek Juraev, Head of TTPU’s Marketing Department.

Juraev says that the recruit process is expected to start next year.
