

TTPU rektori talabalarga ma'ruza o'qidi

12 may kuni, Toshkent shahridagi Turin politexnika universiteti rektori, t.f.d. Inoyatxodjayev Jamshid Shuxratullayevich talabalarga “O'zbekistonda elektromobilarni rivojlantirish istiqbollari: muammolar va yechimlar” mavzusida ma'ruza o'qidi.

Ma'ruzada, “yashil iqtisodiyot” ga o'tish sharoitida elektromobillardan foydalanishning o'ziga xos xususiyatlari, afzallik va kamchiliklari, mamlakatimizda elektromobilarning rivojlanish dinamikasi, quvvatlash stansiyalarining dunyo bo'ylab hamda mamalakatimizdagi infratuzilmasi tahlil qilinib, tinglovchilarga mavzuga oid foydali va qiziqarli ma'lumotlar taqdim etildi.

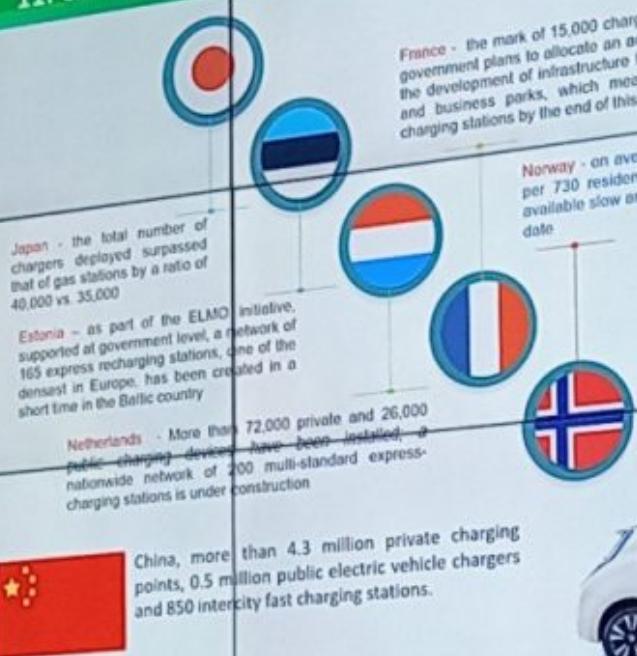

Ma'ruza ingliz tilida o'tkazilib, xohlovchilar tegishli ilova orqali onlayn ravishda qatnashish imkoniga ham ega bo'lishdi.

Ma'ruza yakunida, tinglovchilar rektorga o'zlarini qiziqtirgan barcha savollarini berib, ularga atroflicha javob oldilar.

11. CHARGING INFRASTRUCTURE

France - the mark of 15,000 charging stations has been passed. The government plans to allocate an additional 10 million euros to support the development of infrastructure for electric cars in residential areas and business parks, which means installing up to 100,000 new charging stations by the end of this decade.

Norway - on average, there is one charging station per 730 residents, with more than 7,000 publicly available slow and fast charging stations installed to date.
